Subject: Conference calls on Honolulu BRT "Crosswalk" paper

Honolulu DTS has advised that we will receive the "crosswalk paper" concerning their BRT project on Tuesday the 18th. It will discuss the environmental comparisons between the SDEIS and FEIS.

We want to plan a call with Ted, Renee, Joe, Dwayne, FTA Region 9 staff and any others needed to discuss the crosswalk on Wednesday the 19th at 10:30 am PDT.

Honolulu DTS staff, PB's Tom Jenkins and the PB project manager plan to be in the regional office on Friday morning the 21st at 10:30 am PDT. Cheryl Soon is NOT currently planning on attending. We can conference other FTA staff in.

Please advise me if these times are convenient for you. If not, please propose other times. Thanks.
