Reg 9 would like to discuss Honolulu. I dont know if they know that Toru has contacted you. Any thoughts on how to involve the region? Their interest lies more in the schedule and the financial issues for the project, but Leslie and Ray did raise the issue of the complexity of the alternatives issues with Ron and I earlier this month.

Sean and Joe,

How about a short call on Wednesday morning to discuss the strategy for this project? They have \$8 million in formula funds allocated toward AA/NEPA. I am free between 8:00 am and 12:30 pm pst. I will be out on Tuesday. Note the map and schedule generated by DTS.

Ray
