Your email below is correct.

One clarification: By "distribution has been completed" we mean that the documents have been printed, packaged and addressed, and delivered to a U.S. Post Office or to FedEx or other courier. If any of these activities will not be completed by the time the post office closes on 8/1/03, then the FR Notice will not appear on 8/8/03.

Subject: FW: Primary Corridor Transportation Project, Honolulu, Hawaii

Hi Joe -

I sent the attached e-mail to Tawanna, but was not certain whether she received it or whether she was the proper person to address it to. Therefore, I am sending it to you for your assistance.

Please confirm that Tawanna is who we should be coordinating with and that the statements I made are correct. Thanks.

Faith

>  
> Hi Tawanna -

>  
> We hope that you will be filing the Final Environmental Impact Statement (FEIS) for the subject project for us next Friday, August 1, 2003. In order to make this deadline, I wanted to confirm the following:

- >
- > 1. We need to provide you with 10 copies of the FEIS by noon, August 1, 2003.
  - >
  - > 2. We need to certify by e-mail or fax transmittal that the distribution of all copies of the FEIS has been completed prior to noon, August 1, 2003.
  - >
  - > 3. If Items 1 and 2 are done on time and the FEIS is filed with EPA on August 1, 2003, then the notice of availability will appear in the Federal Register on August 8, 2003.

>  
> Did I get everything correct? Please let me know if I forgot something.

>  
> These are our plans as of this afternoon. Will be in touch.
