C	
1	NOTE: The SCC cost breakdown is based on a traditional Design Bid Build model. If your project is Design Build, to the best of your ability, separate construction costs from design, administration, testing, etc. Put all construction costs in 10 through 50. Put design, administration, testing, etc. in <i>80 Professional Services</i> .
2	
3	Include guideway and track costs for all transit modes (Heavy rail, light rail, commuter rail, BRT, rapid bus, bus, monorail, cable car, etc.) The unit of measure is route miles of guideway, regardless of width. As associated with the guideway, include costs for rough grading, excavation, and concrete base for guideway where applicable. Include all construction materials and labor regardless of whom is performing the work. In your written description of the scope and in supporting graphic diagrams, indicate whether busway or rail track is single, double, triple, relocated, etc. Put guideway and track elements associated with yards in <i>30 Support Facilities</i> below.
4	
5	
6	
7	Include foundation excavation; guideway structures including caissons, columns, bridges, viaducts, cross-overs, flyovers.
8	Include construction of earthen berms.
9	Include excavation, retaining walls, backfill, underground guideway structure and finishes.
10	Include tunneling by means of a tunnel boring machine, drill blasting, mining, and immersed tube tunneling; tunnel structure and finishes.
11	Include excavation, retaining walls, backfill, underground guideway structure and finishes.
12	Include rails, connectors.
13	Include rails, ties; ballast where applicable
14	Include rails, ties and ballast.
15	Include transitional curves.
16	Include upcharge for vib/noise dampening to any track condition above.
17	As associated with stations, include costs for rough grading, excavation, station structures, enclosures, finishes, equipment; mechanical and electrical components including HVAC, ventilation shafts and equipment, station power, lighting, public address/customer information system, safety systems such as fire detection and prevention, security surveillance, access control, life safety systems, etc. Include all construction materials and labor regardless of whom is performing the work.
18	Put guideway and track associated with stations in <i>10 Guideway & Track Elements</i> above.
19	
20	Include station structures including caissons, columns, platforms, superstructures, etc.
21	Include retaining walls, backfill, structure.
22	
23	Per FTA's Joint Development Guidance, "Joint development is any income-producing activity with a transit nexus related to a real estate asset in which FTA has an interest. . .Joint development projects are commercial, residential, industrial, or mixed-use developments that are induced by or enhance the effectiveness of transit projects. . ." See http://www.fta.dot.gov/17973_18027_ENG_HTML.htm
24	Include retaining walls, backfill, structure.
25	
26	As associated with support facilities, include costs for rough grading, excavation, support structures, enclosures, finishes, equipment; mechanical and electrical components including HVAC, ventilation shafts and equipment, facility power, lighting, public address system, safety systems such as fire detection and prevention, security surveillance, access control, life safety systems, etc. Include fueling stations. Include all construction materials and labor regardless of whom is performing the work.
27	Where a support facility shares the structure with a station, its cost may be included with station cost. Identify this with a note.
28	Except for guideway and track associated with a yard, include all guideway and track costs associated with support facilities in <i>10 Guideway & Track Elements</i> above.

	A	B
29	30.01	Administration Building: Office, sales, storage, revenue counting
30	30.02	Light Maintenance Facility
31	30.03	Heavy Maintenance Facility
32	30.04	Storage or Maintenance of Way Building
33	30.05	Yard and Yard Track

	C
29	
30	Include service, inspection, and storage facilities and equipment.
31	Include heavy maintenance and overhaul facilities and equipment.
32	
33	Include yard construction, guideway and track associated with yard.

	A	B
34	40 SITEWORK & SPECIAL CONDITIONS	
35	40.01	Demolition, Clearing, Earthwork
36	40.02	Site Utilities, Utility Relocation
37	40.03	Haz. mat'l, contam'd soil removal/mitigation, ground water treatments
38	40.04	Environmental mitigation, e.g. wetlands, historic/archeologic, parks
39	40.05	Site structures including retaining walls, sound walls
40	40.06	Pedestrian / bike access and accommodation, landscaping
41	40.07	Automobile, bus, van accessways including roads, parking lots
42	40.08	Temporary Facilities and other indirect costs during construction
43	50 SYSTEMS	
44	50.01	Train control and signals
45	50.02	Traffic signals and crossing protection
46	50.03	Traction power supply: substations
47	50.04	Traction power distribution: catenary and third rail
48	50.05	Communications
49	50.06	Fare collection system and equipment
50	50.07	Central Control
51	Construction Subtotal (10 - 50)	

C	
34	Include all construction materials and labor regardless of whom is performing the work.
35	Include project-wide clearing, demolition and fine grading.
36	Include all site utilities - storm, sewer, water, gas, electric.
37	Include underground storage tanks, fuel tanks, other hazardous materials and treatments, etc.
38	Include other environmental mitigation not listed.
39	
40	Include sidewalks, paths, plazas, landscape, site and station furniture, site lighting, signage, public artwork, bike facilities, permanent fencing.
41	Include all on-grade paving.
42	As a general rule and to the extent possible, appropriately allocate indirect costs among the construction costs in Categories 10 through 50. Where that is not possible, include in <i>40.08 Temporary Facilities</i> costs for mobilization, demobilization, phasing; time and temporary construction associated with weather (heat, rain, freezing, etc.); temporary power and facilities; temporary construction, easements, and barriers for storm water pollution prevention, temporary access and to mitigate construction impacts; project and construction supervision; general conditions, overhead, profit. NOTE: Include contractor's general liability and other insurance related to construction such as builder's risk in Cats. 10 - 50, not in 80 Professional Services below.
43	Include all construction materials and labor regardless of whom is performing the work.
44	
45	Include signal prioritization at intersections.
46	
47	
48	Include passenger information systems at stations and on vehicles (real time travel information; static maps and schedules).
49	Include equipment to allow communications among vehicles and with central control.
49	Include fare sales and swipe machines, fare counting equipment.
50	
51	

	A	B
52	60 ROW, LAND, EXISTING IMPROVEMENTS	
53	60.01	Purchase or lease of real estate
54	60.02	Relocation of existing households and businesses
55	70 VEHICLES (number)	
56	70.01	Light Rail
57	70.02	Heavy Rail
58	70.03	Commuter Rail
59	70.04	Bus
60	70.05	Other
61	70.06	Non-revenue vehicles
62	70.07	Spare parts
63	80 PROFESSIONAL SERVICES (applies to Cats. 10-50)	
64	80.01	Preliminary Engineering

67	80.04	Construction Administration & Management
68	80.05	Professional Liability and other Non-Construction Insurance
69	80.06	Legal; Permits; Review Fees by other agencies, cities, etc.
70	80.07	Surveys, Testing, Investigation, Inspection
71	80.08	Start up
72	Subtotal (10 - 80)	
73	90 UNALLOCATED CONTINGENCY	
74	Subtotal (10 - 90)	
75	100 FINANCE CHARGES	
76	Total Project Cost (10 - 100)	
77		
78		

C	
52	Include professional services associated with the real estate component of the project. These costs may include agency staff oversight and administration, real estate and relocation consultants, legal counsel, court expenses, insurance, etc.
53	If the value of right-of-way, land, and existing improvements is to be used as local match to the Federal funding of the project, include the total cost on this line item. In backup documentation, separate cost for land from cost for improvements. Identify whether items are leased, purchased or acquired through payment or for free. Include the costs for permanent surface and subsurface easements, trackage rights, etc.
54	In compliance with Uniform Relocation Act.
55	Include professional services associated with the vehicle component of the project. These costs may include agency staff oversight and administration, vehicle consultants, design and manufacturing contractors, legal counsel, warranty and insurance costs, etc.
56	Include light rail and streetcar rail using electric, diesel or other power supply.
57	
58	Include locomotives (diesel, electric, or other), trailer cars, self-propelled multiple units (EMU electric or DMU diesel, or other power supply)
59	Includes "rubber-tired" buses and trolleys including new, used, historic replica, articulated, using electric, diesel, dual-power, or other power supply.
60	Include Vans, Sedan/Station Wagon, Cable Car, People Mover, Monorail, Car/Inclined Railway, Ferry Boat, Transferred Vehicle
61	
62	
63	Cat. 80 applies to Cats. 10-50. Cat. 80 includes all professional, technical and management services related to the design and construction of fixed infrastructure (Cats. 10 - 50) during the preliminary engineering, final design, and construction phases of the project. This includes environmental work, design, engineering and architectural services;
64	specialty services such as safety or security analyses; value engineering, risk assessment, cost estimating, scheduling;
65	Before and After studies, ridership modeling and analyses, auditing, legal services, administration and management,
66	etc. by agency staff or outside consultants.
67	
68	
69	
70	Include professional liability insurance and other non-construction insurance on 80.05 unless insurance for the agency
71	Include start up and training. Include in Cats. 10 - 50 above access and protection work by agency staff or outside contractors.
72	
73	Includes unallocated contingency, project reserves. Document allocated contingencies for individual line items on the Main worksheets.
74	
75	Include finance charges expected to be paid by the project sponsor/grantee prior to either the completion of the project or the fulfillment of the New Starts funding commitment, whichever occurs later in time. Finance charges incurred after this date should not be included in Total Project Cost. (See FFGA Circular FTA C5200.1A Chapter III for additional information.) Derive finance charges from the New Starts project's financial plan, based on an analysis of the sources and uses of funds. The amount and type of debt financing required and revenues available determine the finance charges. By year, compute finance charges in year-of-expenditure (YOE) dollars. On the Inflation Calculation to YOE worksheet enter the finance charges for the appropriate years.

Cell: K3

Comment: Year of Base Year Dollars should match the year in "Today's Date."

Cell: K6

Comment: YOE Dollars automatically arrive from Inflation Worksheet.

Cell: E8

Comment: For all cells, round to the nearest 1,000 before inserting costs!

Cell: K8

Comment: YOE costs for individual line items within a Category are derived as a percentage of the YOE cost of the Category.

Cell: J19

Comment: Preparing for bid:

For each separate contract package generate a Main Worksheet and an Inflation Worksheet.

In the Special Conditions of the Contract, require the construction contractor to update these worksheets and submit them with the monthly pay application.

This should make it easy to track costs in the SCC format throughout construction, and make it easy to submit the final costs to FTA at contract closeout and at the two-year post-rev ops date required by the Before and After Study.

Cell: G76

Comment: Enter finance charges on Inflation Worksheet.

Cell: H60

Comment: The range for buses is 12 to 18 years. Provide supporting documentation for an estimated useful life of more than 12 years.

Cell: E75

Comment: E75 and F75 are double-checks

Cell: B77

Comment: Additional project components may be required to be included in the Annualized Cost. Insert vehicle additions in Cat. 70. Insert any other item in Lines 76 and 77; insert useful life and annualization factor as well.
