Hi John -

Thanks for sending me an advance copy of the response letter. My question is "What is the intended purpose of the letter?" Is the Navy's position that this would serve to ask that FTA disregard the Navy's earlier request that the Makalapa and Little Makalapa Navy Housing be one area? Will there be a follow on letter to FTA? to SHPD? My understanding is that the Navy has been consulting with the SHPD and the historic partners. Is this letter sufficient for the SHPD to now determine that there are two housing areas for the purpose of Section 106?

Hope we can discuss on Tuesday.

Faith
