Subject: Honolulu Rail Transit - Cost Methodology Reports
Attachments: Final Capital Cost Estimating Methodology Report.pdf; HHCTCP Post Alternative Analysis Estimate Methodology_08-26-08.pdf

Tim:

The attached two documents are for your team's review prior to tomorrow's teleconference. The first is the original AA Cost Estimating Methodology report, the second is the updated Cost Estimating report based on the current estimate related to the DEIS documents. Hopefully you can distribute to your team today so they can review prior to the teleconference and then we can use these two documents as the basis of our discussion.

They have already been posted onto the ProjectSolve site. I will be sending out an updated matrix this afternoon. All materials except for the Capacity Analysis, which we are waiting for future clarification from you, have now been posted onto the ProjectSolve site.
