I note in their letter that they are seeking an LONP from us following the ROD. That proposal was suggested a year ago. I discussed it with the project manager and with a consultant to Honolulu at length and thought I had convinced them that an LONP was of no benefit to them. You may know the consultant – Don Durkee! I need to clarify why that proposal is now alive again.

FYI – Although I will be on vacation starting this Friday (5/23), I believe a discussion between TPE, TPM and Region IX in the next few days is warranted to develop response to Honolulu's submission. Thanks!

Leslie
