Good Morning Toru,

I have attached a draft agenda for our next PMO monitoring visit in April 2008. Like last year, our April meeting is being coordinated with the FTA's visit to Honolulu. If there is anything else that you want to discuss during our site visit please advise and I will include it in the agenda.

Also, please provide a brief update/status on the technology selection since our last visit. Are you still on schedule for a recommendation by the end of February?

If I do not hear from you before the end of today, have a great weekend.
