Hi Ray -

Let's meet after you arrive at the airport. I will pick you up. Let me know what flight you are arriving on and I can pick you up at curbside of the baggage claim area. If you need to contact me, call me on my cell phone (808) 499-7840.

Also, I will have the appropriate project team members at the 2:30 p.m. meeting.

See you on Monday.

Faith

Hi Faith,

Next week, I will be in Honolulu late Monday morning and departing Tuesday afternoon for Kauai. I have arranged a meeting with Steve Wong and I wondering if selected representatives from your project team would be interested in attending. Hopefully, someone could bring a drawing of your proposed mitigations and a an overall list of what needs to be done to mitigate the rail project impacts.

I am arriving at 11:05am and would be available to meet in advance of the FAA meeting to discuss your latest approach on this issue.

Note, Steve's e-mail below with the meeting details at 2:30pm.

Ray

Aloha Ray et al:

Just confirming meeting on 10/19 at the Interisland Terminal, Conference Rm. A. We'll discuss the rail alignment issues and take Ray up to the old ATCT for a view.

Thank you.

Steven Wong
