Subject: Honolulu Section 106 Consulting Parties Meeting Materials

In preparation for this week's meeting of consulting parties, the City has prepared at the ACHP's request a summary of measures undertaken by the project to avoid and minimize harm. Also included is a summary of mitigations requested by consulting parties and the status of the request in respect to the current draft programmatic agreement. The FTA has separately distributed their position on measures that have been requested but not incorporated by the Project.
