Faith,

How did you get the boundaries for Makalapa that are shown in your attachments. Those should have been done by Mason and are different from the ICRMP, so I would like to know what those boundaries are based on.

thanks,

Pua

Hi Pua –

I may have been the one who you are referring to. After I received your voicemail messages that the boundaries for the Makalapa Navy Housing Area should reflect what is in the nomination form and that I should check with Ross Stephenson of your office, I did check with Ross. I was told that SHPD records show two areas, one for Makalapa and another for Little Makalapa. This was opposite from what the signatories had requested that we do, specifically to show Makalapa as one area that included Little Makalapa. When I spoke with Ross, he related that he needed to discuss this matter with you. Now you are saying that your records show the ICRMP boundaries, one area that includes both Makalapa and Little Makalapa?

Faith

On Wednesday's phone call I thought I heard someone from the city say that they got the boundaries you are using from our office. Can you site a document so we can check. We don't seem to have boundaries for Makalapa other than the ICRMP.

Pua

Subject RE: FW: Makalapa Eligibility Forms

Hi Pua –

My understanding of the Section 106 process is that when you (SHPD) concurred with the eligibility of the Makalapa Navy Housing and the Little Makalapa Navy Housing you concurred with the boundaries that were defined for these resources as shown in the materials submitted; two separate resources. Subsequent to the eligibility concurrence, the SHPD then determined that there would be an Adverse Effect on Makalapa Navy Housing and a No Adverse Effect on Little Makalapa Navy Housing. Therefore, there is an effect on the PA.

I would like to discuss this with Nancy this afternoon at 2:30 p.m. The conference call information is as follows:

Conference Call Number 1-888-742-8686
Conference ID 9473301

If you have the time, please join us.

Thanks.

Faith

Faith,

Thank you for sending the attached materials. SHPD agreed with your adverse effect determination for Makalapa and Little Makalapa, however there is no discussion of the boundaries for the two properties It is our belief that the boundary should match the Navy ICRMP which treats the two Makalapa's as the Makalapa housing zone. We do not believe that this should affect the PA language as it does not change the effect determination.

If you have outstanding concerns please discuss with FTA.

Mahalo,

Pua

Hi Pua –

Attached are the eligibility forms that were prepared by the Rapid Transit Division for Makalapa and Little Makalapa Housing areas and submitted to your office for review. I am also transmitting in another file, the correspondence regarding this issue. Please provide us direction as to which boundary we should use.

Thanks.

Faith

Faith, the attached forms and map are what SHPD concurred on for the eligibility determination. Because the districts have not been submitted for the register, this is the only acceptable Section 106 information that we have to work with.
