I am resending this because I misspelled your name in my earlier attempt to send this message last week. We are done with reviewing and we will get back to you shortly.

I have one request. Would you contact FAA, particularly Hawthorne, to alert them about a possible inquiry from Sean Hao. It would be helpful if they don't start answering Hao's inquiry about the FAA issue mentioned in Page 5 of the FTA memo signed by Rogers, Borinsky and Schruth on October 7.

Aloha David,

I received the package a few hours ago. Thanks a lot for giving me so much to read for Christmas. The biggest stuff is not new so we should be able to get back to you by next week.
