Subject: Project Updates?

Aloha Phyllis,

Hope all is well with you and your family. Has the weather affected you or any of the other City staff we work with? The news made it seem pretty bad.

I am just checking in. Have there been any new updates since our PMOC meeting last month? I know about the approval of the Technology Selection Panel by the City Council, but have not received any other updates to for the project.

Also, FTA wants us to postpone our March visit until April when the Region IX will also be in Honolulu. I need to confirm with Toru and Simon whether the postponement will cause and problem before I respond to the Region, but I also wanted to know if there were any workshops planned between now and April that we may want to attend in the interim.

Mahalo,

Justine A. Belizaire
