Subject: RE: Honolulu PMO Workshop Action Items

Harvey – Regarding Action Item #11, Kim Nguyen informed me that FTA anticipates developing an update of the DB and DBB guidance after the completion/issuance of the PMO Final Rule. However, no firm date has been established for release of these new guidance documents or the PMO Final Rule. Therefore, the 2000 interim guidance is the most recent document available on the subject. Following is a link to the guidance:

Good workshop last week due to everybody's involvement. Thanks to FTA and both PMO firms for making it to Honolulu for the workshop.

Attached is the current status of the Action Items that came out of the workshop. Many items are due by the end of this week. Please email to me your input when completed so I can get the information posted onto ProjectSolve. The Actual Date indicates when the information is posted onto ProjectSolve.
