BUILDING THE GUIDEWAY ACROSS THE FREEWAY

Drivers using the H-1 Freeway near Leeward Community College may notice the progress being made on the rail guideway crossing the freeway between Waipahu and Pearl City.

Construction crews are continuing to build the rail guideway structure from elevated platforms at the H-1 Waiawa Interchange. To reduce traffic impacts, workers are performing the work at night. The contractor will close multiple freeway lanes directly underneath where the work is taking place for safety purposes.

Up to two westbound lanes and three eastbound lanes of the H-1 Freeway approaching the H-1/H-2 merge will be closed from 8 p.m. this Sunday through next Friday morning at 4 a.m.

For the safety of the crews and the travelling public, HART advises H-1 motorists to continue looking "ahead, not overhead" when driving through the construction area.

Rail guideway work crossing the H-1 Freeway is scheduled to run until 2016.

KAMEHAMEHA HIGHWAY BUSINESS AND COMMUNITY MEETING

During construction, HART and its rail guideway contractor Kiewit are holding monthly meetings for business owners and operators as well as members of the community along the rail alignment.

The next meeting is scheduled for Tuesday, March 3 at 6:30 p.m. at the Pearl Ridge Elementary School cafeteria, located at 98-940 Moanalua Road.

See you there.

HART and Kiewit are working together with businesses along Farrington Highway in Waipahu and along Kamehameha Highway in Pearl City and Aiea. To read more [click here](#).
